Programme structure

You have finished your first or second year of the Master study in the field of Logistics until end of this semester. Up to 60 credits earned in this can be recognized by Anhalt University. You study 2–3 semesters in Bernburg where you do 6–12 modules and write your Master thesis.

Mobility Semester

- | | |
|-----------------|---|
| Option 1 | Processing a task within a company, an administration at federal or state level or an equivalent institution/organization from the practical field (at least 24 weeks). Working on a practice-oriented question as part of a scientific work for 20 credits. In addition, attendance modules or online modules totaling 10 credits must be completed (ideally to be collected in the first 2 semesters) |
| Option 2 | Modules to be completed at your local university. Achievements totaling 30 credits, of which 15 credits must correspond in content to the study objectives of logistics management. |

You receive your internationally accepted Master of Science (M.Sc.) by Anhalt University of Applied Sciences. After your graduation you can stay 18 months in Europe to apply for a job.

Study in beautiful and quiet city of Bernburg

Bernburg is a city of around 36.000 inhabitants. It is a quiet and peaceful city in the heart of Germany. It has clean air and a lot of nature in its surroundings. By train, bike, bus and car you can get around easily.

Full service in all non-academic issues

DCG as partner in all non-academic and administrative issues will give full service for applying visa and during your stay in Germany.
